In general, there are six
times when a person should
get in touch with a Social
Security office -- to apply
for Social Security number,
when they stop work and
wish to apply for
retirement benefits, if
someone in the family dies,
if someone is the family
doctor for a year or more,
if even if the person does
not retire, or if someone in
the family suffers per-
manent kidney failure.

SETTING THE EXAMPLE
I'd rather see a sermon than hear one, any day.
I'd rather one should walk with me, than merely show the way.
The eye's a better pupil and more willing than the ear.
Fine counsel is confusing, but example is always clear.
The best of all the preachers are the men who live their words.
For, to see the good in action is what everybody needs.
I can say, I'll learn how to do it if you'll let me see it done.
I can watch your hand in action through your tongue too last may run.
Although the lectures you deliver may be very wise and true,
I'd rather learn my lesson by observing what you do;
For I may misunderstand you and the fine advice you give,
But it's not misunderstanding how you act and how you live.
